Polish Association of Law and Economics (*Polskie Stowarzyszenie Ekonomicznej Analizy Prawa – PSEAP*), founded in 2005, gathers Polish academics involved in Economic Analysis of Law and aims, in particular, at promoting the scientific movement of Law & Economics in Poland by introducing initiatives developing this field, organizing seminars and conferences, as well as collecting and spreading knowledge.

PSEAP has, in particular, organized the following events:

- 1st, 2nd and 3rd *Polish Law & Economics Conferences* at the University of Warsaw (in 2010-2012) – major scientific events in Poland devoted entirely to Law & Economics,
- guest lectures and visits to Poland of subsequent Presidents of the European Association of Law and Economics – Prof. Dr. Hans-Bernd Schaefer (in 2006), Prof. Dr. Roger Bowles (in 2008), and Prof. Dr. Eli Salzberger (in 2011, as keynote lecturer at 2nd *Polish Law & Economics Conference*),
- six editions of Seminar Series (2007-2013 – ca. 40 seminar meetings),
- Best Student Paper Prize competition (three editions) accompanying 1st, 2nd and 3rd *Polish Law & Economics Conferences*.

Active involvement of PSEAP Board Members resulted in publishing the Polish-language edition of R. Cooter and T. Ulen's *Law and Economics* (1st edition 2009, 2nd edition 2011).

PSEAP has also successfully supported bringing the European Master of Law and Economics (EMLE) international study program to Warsaw. PSEAP was granted the status of Associate Partner of EMLE.

Past initiatives of PSEAP were supported by, *inter alia*, the National Bank of Poland, Ministry of Justice of the Republic of Poland, BRE Bank Foundation, CMS Cameron McKenna, and University of Warsaw.

In 2013 PSEAP is organizing the 30th Annual Meeting of the European Association of Law and Economics (*EALE Warsaw 2013*), which will take place at the University of Warsaw on September 26-28, gathering ca. 200 European and international scholars pursuing research in the field of Law & Economics for ca. 150 paper presentations, 2 keynote lectures, a discussion panel on Regulatory Impact Assessment, 25 posters, and many more.
